RALPH E. BERRY,
Auditors.

Rye Volunteer Fire Department

In offering you a report of the activity of your Fire Department for the year 1951, I believe that the major loss by fire second only to loss of life, is the loss of a house. Rye lost one home. It has been rebuilt.

The cause of fires should be of interest to all. There is always a reason and in so many instances the human element is involved, directly or indirectly.

Six (6) fires were caused by some form of oil heater other than the gun-type oil burner. We have found that oil stoves and heaters if properly cleaned and adjusted operate with safety.

Six (6) chimney fires, here again more attention is necessary. Try to keep the chimney clean.

Five (5) grass fires, burning without a permit necessitating calling fire department; Children, burning rubbish; other causes unknown.

Two (2) calls for the Town Dump, cause of fire not known.

Two (2) fires caused by cigarettes.

Two (2) fires in trees caused by electric service wires.

One (1) call for fire in automobile and one (1) for motorcycle.

Two (2) calls for over heated electric motors.

The fires in houses were caused by smoking in bed, oil stove, pot type oil burner, sparks from fireplace on roof, careless use of gas torch, while the cause of two remain unknown.

Two fires caused by poorly insulated stove pipes, one of these cut through side of building with no protection.

Two (2) woods fires. Children were responsible for one and it is thought that blueberry pickers caused the second and larger.

There were 37 calls for the Fire Departments in Rye. Portsmouth Department was called 17 times to East Rye because of telephone service through Portsmouth central. Rye Department responded to seven of these fires.

The assistance from Portsmouth Fire Department is of great value to the town of Rye.

Portsmouth asked Rye Department to help at a brush fire in April on the Lafayette Road. And Rye responded to two calls from North Hampton.

Since May of this year we have had radio equipment in No. 1 Pumper, giving us communication with Portsmouth Station and all of their fire apparatus.

The volunteer Fire Department Field Day was generously supported by all and as the result we now have a lighting unit which adds to the safety of the men fighting a fire at night.

Rye Beach Precinct has offered as a gift to the town the equipped pumper truck to make a three-piece department, the only condition is that it or an equivalent piece of apparatus shall be housed in the precinct.

We now have one 500 G. P. M. Pumper with ladders, 400 gallon booster tank, 1,000 ft. 2½ in. hose, 500 ft. 1½ in., 500 ft. booster hose, and other equipment.

One 500 g.p.m. pump on a 900 gallon water tank truck with 1½ in. hose and booster hose.

One 300 g.p.m. pump with 340 gallon booster tank, ladders, 500 ft. 1½ in. hose, 400 ft. 2½ in. hose, 300 ft. booster hose.

Many new homes have been built in Rye during the past year, bringing new names. Please try to give name, road or street, if a long road like Washington Road, which end. Near a store, garage or the home of a long-time resident. And if possible have a person in the highway to direct Department as the fire is not always visible from the road.

Call Fire Department Rye Beach 35. Remove all persons. Close doors and windows.

In conclusion I want to thank all members of the Department for their quick response to calls and their untiring effort at fires. And the operators on duty at Rye Beach telephone exchange for their most efficient manner in calling the volunteers.

A. B. DRAKE,

Fire Chief.

Report of the Library Trustees

The past year has been one of change and readjustment. Your trustees deeply regret the passing of Miss Helen M. Drake, whose death in January, 1951, ended 40 years of devoted service as librarian. We pay grateful tribute to her work and to the charm and graciousness of her personality.

Miss Marjorie Chapman brings to the office of librarian not only a secretarial training but also a knowledge of books and an interest in people. We are fortunate indeed in securing her services. She has worked many extra hours at the Library studying the many problems incident to carrying on the work, which is increasingly important and complicated.

Our thanks are due to Miss Emma Foss, who has been of invaluable assistance throughout the year.

The Every Other Tuesday Club has again shown its friendly interest by the gift of \$10 for books.

The outside woodwork of the building was given a coat of paint during the summer, the windows were puttied, and new gutters were installed at the front entrance. Mr. Blake L. Ramsdell has very successfully repainted the Town Seal above the entrance.

HELEN F. PHILBRICK,
ANNIE R. PHILBRICK,
THOMAS J. MORRIS,

Trustees.

January 19, 1952.

Librarian's Report

The following is the report of the Rye Library for the year, 1951:

In spite of television, circulation throughout the year has continued brisk, with July and August the peak months due to summer visitors. During the last six months of the year circulation was double that for the same months of 1950.

Beginning the first of October a "Story Hour" for children from four to seven years of age was inaugurated and has continued to be very popular with an average attendance of 18. A party was given for children up to eight years in June and about 34 attended. Another party for the "Story Hour" was given on Halloween.

Miss Irene Gurdy contributed some money which was spent for a children's set consisting of table and chairs for the Children's Corner.

About 20 books were donated to the Hampton Falls Library and several to the North Hampton Library.

Miss Pratt, of the Concord Library, and Miss Vaughn, of the Portsmouth Library, paid visits to the Library this summer and made some helpful suggestions. We also had visits during the fall from Mrs. Dalton Boynton, a trustee of the Hampton Falls Library, as well as Mrs. Roberta Craig of the North Hampton Library.

Books and magazines have been donated during the year by the following people:

Mrs. Edgar Blanchard
Mrs. Henry Cushman
Mrs. W. Barnard Daniell
Miss Catherine Emery
Miss Emma Foss
Mr. Robert French
Miss Dorothy Gibby
Mrs. Gertrude Loegee
Mrs. George Mahar
Miss Dorothy Parsons
Mrs. Lillie Ham
Junior Women's Club
of Rye

Mrs. Neil B. Philbrick
Mrs. Ethel Bickford Rand
Miss Edna Scott Smith
Mrs. Evelyn Seavey
Captain Lawrence Stewart
Miss Emily Swenson
Dr. Benjamin Tenney, Jr.
Mrs. Harry Trefethen
Mrs. Ernest Tucker
Mrs. Raeline White
Mr. John Parsons

MARJORIE L. CHAPMAN,
Librarian.

School Board Report

Your School Board respectfully submits the following report:

During the past year we have had the outside of the school building painted. The contract was awarded to the low bidder, Mr. Eugene Moaratty of Hampton, N. H., for the sum of \$570.00. This included the painting of the flag pole.

At the close of school in June, our principal, Mr. Carter, left us. After many interviews and rejections of proposed candidates, we accepted Mr. John E. Goggin to be the principal of our school. We believe that Rye is fortunate to have a man of Mr. Goggin's caliber and capability to head our school.

Last year Miss Kathleen Farnum — second grade teacher — was granted a leave of absence. The balance of the year was filled out by Mrs. Patricia Jenness. This year Mrs. Jenness is our second grade teacher. Last year's home economics teacher, Mrs. Martha Evans, was replaced this year by Mrs. Ruth Richardson. Again we believe that Rye is fortunate in being able to fill these two positions with such well-qualified residents of Rye. This year we added a new teacher to our system to take care of the overload in Grades I and II. We secured the services of a well-trained and experienced teacher, Mrs. Lucie Russell. She is doing a good job, as are all the other teachers in our system this year.

We have purchased a power saw for the instructor's use in the manual training shop. This will enable him to prepare projects for the pupils much easier and faster. We hope to be able to add to this line, a few of the more simple power tools, from time to time.

As a result of our petitioning to the U. S. government for aid to help defray the operating expenses of our school, (because so many of our children's parents work for the U. S. government) we received in July a check for \$5,259.71. Your school board recommended to the selectmen that this amount be deducted from the ap-

propriation as voted at the last annual school district meeting, so that the amount to be raised by taxation for school purposes would be \$76,034.29 and thus pass the saving on to you, the taxpayers of Rye.

We wish to thank all of you who have helped us so much during the past year. Particularly we wish to thank the Hon. Thomas H. Simes for his kind, wise and sound counsel. We also thank the P.-T.A. under the leadership of Mrs. Merrell Pierce for all the excellent projects that they have carried out this year, these include the swimming classes at Rye Harbor during the summer and the volunteer help for the hot lunch program. Our excellent hot lunch program is under the supervision of Mrs. Eleanor Emery and much credit and many thanks are due her. The "Every Other Tuesday Club" is this year carrying on the project of the former "Community Club" and has donated \$25.00 to be used for prizes at graduation, to them we say, thank you.

We wish to call your attention to the serious transportation problem that confronts us. The system we now have is one that has grown on us throughout the years as a result of the fact that when transportation was first required there was plenty of room on the buses so all children were picked up as long as there was room. Now everyone expects to have their children transported with the result that we now have overcrowded conditions and high transportation costs. We would like to know if you citizens wish to continue with this system or wish to transport only such children as it is required by law to do? This would result in a considerable saving in transportation costs.

RALPH F. HAMMOND,
MARY P. VARRELL,
ELIZABETH A. GREENE,

School Board Members.

Report of Superintendent of Schools

To the School Board of Rye:

I herewith present to you my twenty-second report as Superintendent of your schools.

The current year began Wednesday, September 5, 1951, with an initial enrollment of 263. The comparative figure of last year was 254. New registrations are entering continually, so that the number of pupils actually accommodated is changing day by day. It is in the lower four grades that the increase is more pronounced, since last year we had a beginning enrollment of 150 in these grades, while this year it was 165. To meet this situation, an additional teacher was employed to care for groups in grades one and two. The eighth grade this year registers 28 pupils. Since the incoming first grade will be much larger than this number a further increase must be expected next year.

With the resignation of Mr. Carter, it became necessary to secure another Principal. Mr. John Goggin, with several years' experience in the schools of Maine, was elected. He is a graduate of Gorham Teachers College, with special work in mechanic arts. I believe we are all pleased with his work in Rye. The mechanic arts department needed strengthening. With installation of some new equipment and a trained instructor, this has been accomplished.

Owing to the large enrollment in the school, we were obliged to discontinue employing a remedial teacher. I am sorry for this, for such a teacher is needed in any school. There are pupils who do good work in most of their subjects but have difficulty with one particular subject or one particular phase of a subject. In such a case, the pupil would receive special and individual help in this one difficulty. Thereafter, he moves along with less trouble. There are pupils who, through absence or previous inadequate grasp of a subject, find themselves behind the schedule of the remainder of the class. Through a few weeks with a remedial teacher,

these pupils may catch up with their class. Pupils with social difficulties are often adjusted by means of the closer contact which a small class has with the teacher. The remedial teacher attempts to correct irregular difficulties which may unjustly handicap a pupil. As soon as possible, Rye should restore the position. The results in lessening the number of failed subjects are well worth the added cost. More important than this, however, is the resulting satisfaction and sense of accomplishment which an otherwise unhappy pupil experiences.

The federal government, by public law 874, has recognized its obligation for assisting in educating the children of its employees. By this law, funds are allocated to the school districts in proportion to the number of pupils who are educated by the district and whose parents work in the various government projects. For Rye, this means help in the cost of education for the children whose parents work at the Portsmouth Naval Base. The Rye school district has received two checks totaling \$7,596.44 for maintenance and operation of the school during the year, 1950-1951. By this much, the federal government has reduced the cost of our schools to us. There is nothing certain about the continuation of this law. Application for aid during the current year has been made and has been received in Washington. We have received notice that the application is being processed.

Our lunch program is one of the best in New Hampshire. The success of this project is due to generous cooperative effort of Mrs. Emery, the Parent-Teacher Association and the teaching staff. The pupils also are to be congratulated for their helpfulness, whether as monitors, hostesses or just participants in the program. The organization is well-planned, the meals are uniformly attractive and the service smoothly operating.

The Parent-Teacher Association of Rye is an organization of parents, teachers and friends of the schools. It is always helpful as an interpreter of the thoughts of those most interested in the children. It has been responsible for many improvements in the school and its program. The strength of the Parent-Teacher Association improves the school program in that proportion.

We have no way of foreseeing the impact of increased federal activity upon our school. If enrollment is sud-

denly increased, a problem will be presented. Fortunately, our building is not used to its capacity at present. However, increased registration will probably mean additional staff members, as several of our grades are now above ideal size. It may be that a transient group will enter our schools. This will offer difficulties of assimilation with our present children, socially and scholastically. The situation will require skill on the part of our teachers, adaptability among our children and patience on the part of everyone concerned.

Transportation remains a problem. Some of our buses are over-crowded. To partly alleviate this situation the timetable has been arranged so that the lower grade rooms are dismissed earlier. However, the situation is not yet solved. It will require study. Transportation routes cannot remain static. They change with the entrance of new pupils and the arrival of new families in town. Rye is generous in its transportation rulings. It may be that modification of this system will be required. It may be that additional buses must be scheduled. Whatever the decision, safety must be paramount.

May I again express appreciation to the School Board, Teachers and Parents for their cooperation in the work of the past year.

Respectfully submitted,

ROY W. GILLMORE,

Superintendent of School.

January 21, 1952.

HOT LUNCH REPORT

The Hot Lunch Program at the Rye School started Oct. 1, 1950, with 185 children taking lunches. The cost per child per week is \$1.00. Parents with three or more children in school pay 75 cents per child per week.

The Federal Government contributes .06 per child per meal towards the expense of the program. This is in addition to the amount paid by the child and makes possible a better meal than could be provided otherwise.

The help for the kitchen is volunteered by the parents of the children and is sponsored by the Parent-Teacher Association.

A sample menu consists of:

American Chop Suey	Cold Slaw
Bread and Butter	1½-pint Milk
Fruit for Dessert	

In June, 1951, when the program closed we were feeding an average of 220 lunches per day.

ELEANOR EMERY,

Hot Lunch Supervisor.

Report of Treasurer of School District
